

The 2010 Ocean Sciences Meeting is quickly approaching! To help prepare you for your travel to the meeting, please see the important reminders below and visit our web site at [www.agu.org/meetings/os10](http://www.agu.org/meetings/os10) to finalize your arrival!

**PRE-REGISTRATION & HOUSING DEADLINE: 20 JANUARY 2010**

- Pre-Register today to receive the discounted rate! Please remember that Registration is separate from your Abstract Submission Fee. You will still need to register for the meeting, even if you have submitted an abstract.
- Housing is quickly selling out! Book your reservation today!

**PREPARE YOUR POSTER**

The size of posters should be not more than 45" x 45" (3.75 feet by 3.75 feet). Two (2) presenters will be sharing one posterboard. Size requirements must be strictly adhered to so posters fit within the space as assigned. If your poster exceeds these specifications, it may be subject to removal.

**PRESENTER AND CHAIR GUIDELINES**

Guidelines are now available to help presenters and chairs prepare for the meeting.

**PRE-SUBMIT YOUR PRESENTATION**

Online pre-submission is strongly encouraged. If you submit your presentation via the Web site, you will save time in Portland waiting to preview your presentation.

**PLAN YOUR ITINERARY**

The Ocean Sciences Program and Itinerary Planner is now available. Browse by day and section, or search by titles, authors, and keywords. (Most browsers will work for this site; however, for best results we recommend Internet Explorer or Firefox.)

If you should have any questions, please contact [os-help@agu.org](mailto:os-help@agu.org). We look forward to meeting everyone in Portland, Oregon.

Regards,  
Susanne Keeley  
Meetings Manager
